

The George H. Hitchings Society

Building a legacy for generations to come

Dr. Hitchings, the Founder of Triangle Community Foundation and Nobel Laureate in Medicine, was a remarkable man whose philosophy was that “service to mankind, broadly or individually, is the greatest fulfillment in life.” In 1994, in association with its tenth anniversary, the Foundation created the George H. Hitchings Society to recognize donors who have made a commitment to the community through wills or trusts.

In addition to creating a living memorial, individuals who have donated deferred gifts set an example for others, who may not realize that they also have the capability to give something back to the community through their estate plans. The Foundation gratefully acknowledges the following Hitching Society members, who have collectively committed more than \$100 million in future charitable gifts. Their generosity will make a difference in the life of our communities for generations to come.

Michael and Mary Bryan Adair
